Lyle Closures - Annual and Night.html

Superintendent Ramos:

It has been brought to my or our attention that the two month annual preserve closure and the 10:00 PM to 5:00 AM ORV running ban can be reviewed by the ORVAC Committee. Due to the fact that these closures were originally placed in small areas of the Preserve and were expanded Preserve wide without justifiable need or proper process, I or we request that these issues be promptly placed on the ORVAC Committee agenda for review.

Thanks in advance for your prompt attention to this important issue.

Sincerely

Signed_____
